Remembering Someone Special

*Supporting
Excellence
in Education*

The North Mac Public Schools Foundation welcomes donations in memory of a loved one, friend, or colleague.

Memorial donations allow you to support the many fine programs of the North Mac Public Schools Foundation in a way that is meaningful and charitable. A memorial donation is a fitting way to remember a special person, while also helping others.

The North Mac Public Schools Foundation was formed in November 2009 by a group of concerned community members to raise funds to financially support student programs and activities of the North Mac School district.

The North Mac Public Schools Foundation is an Illinois not-for-profit charitable organization, and recognized as a 501(c)(3) organization by the IRS. This means memorial donations are tax deductible by the donor.

You may make your memorial donation a general donation to support any of the Foundation's programs and activities. You may also designate your donation to be used for a specific purpose.

The Foundation accepts donations to support the following programs and activities:

- *Assist classroom teachers in obtaining classroom projects, supplies, materials, and special projects;*
 - *Provide financial support for students' activities and organizations;*
 - *Defray some fees for those students in financial need;*
 - *Award scholarships to graduating seniors;*
 - *Purchase necessary equipment for classroom or student use;*
- Support enrichment programs such as summer reading programs.*

You may also use memorial donations to endow a scholarship fund in someone's memory to ensure the longevity of any proposed scholarship award.

The Foundation will work with you and your family in setting up the procedures for choosing the scholarship recipients.

The Foundation is independent from the North Mac School Board. The Foundation's funds are kept separate from school district funds, and the Foundation decides how to disburse its funds. The Foundation plays no role regarding school board policies, operations, or curriculum.

You will feel a real sense of satisfaction and pride knowing you have assisted in creating an additional educational experience for our students.
