Dan Nichols called the meeting to order at 6:00 p.m.

Chair Nichols reviewed the Weight Room Petition Report with committee members. Discussion ensued weighing the opportunities for students versus the liability for supervision of students and protection of facilities. Mrs. Cullen reported that our liability insurance broker advised us to limit weight room use to students under direct teacher or coach supervision. Mr. Horn and Mr. Owsley provided information about the use of the Weight Room and the programming in place by coaches and physical education teachers during the day. Additionally, the weight room is scheduled for athletes and coaches every day after school. Any student in the high school may sign up for Fitness PE and have access to the weight room as part of class activities. Coaches are responsible for both in-season and out-of-season weight room programming and supervision.

Members expressed a desire to have more students involved in extra-curricular activities and wished to encourage students to reach out to coaches to have weight room opportunities during the off-season in addition to in-season.
