Topics for discussion: Tuition Waiver Information

Questions and Answers – Morene Nichols question the amount of tuition and if there was a cap on the number of employees. Hays explained there was not a cap on the number of employees who could bring their children to North Mac and that the school would receive General State Aide for these children.

Lacy Strader questioned whether just tuition or would registration also be waived. Also Connie Schroeder asked if not renewed in five years what would happen then. Hays explained registration would still be paid, tuition would have to be paid if waiver not renewed in five years and that the tuition amount is a taxable fringe benefit.

A discussion was held regarding whether this should be a negotiated item with the union and also whether more research should be done before implementing.

Time of adjournment: 7:08 p.m.
